

[HYBRID] Hybrid Programming in HPC – MPI+X

Tuesday 10 February 2026

Day1: Introduction to Hybrid Programming in HPC – MPI+X - Room 0.439 / Rühle Saal (09:00 - 16:30)

time	[id] title	presenter
09:10	[1] Hunter's hardware architecture and its programming models	
10:00	Coffee Break	
10:15	[2] Introduction to Hybrid Programming in HPC – MPI+X	
10:45	[3] Programming Models	
10:50	[4] Programming Models - MPI + OpenMP	
11:45	[5] Practical (how to compile and start)	
12:30	Lunch	
14:00	[6] MPI + OpenMP	
14:45	Coffee Break	
15:00	[7] MPI + OpenMP	
15:45	[8] Practical (how to do pinning)	
16:15	[9] Q&A
